LIFETIME LIMITED WARRANTY

Vertical Blinds

WBF warrants forever the headrail and all moving parts in the track against defect in workmanship or materials. Fabric louvers are warranted under normal use against discolouration, excessive twisting or shrinking for a period of 3 years. Please note that certain materials lose their colour intensity after prolonged exposure to sunlight and this is not covered under this warranty. Fabric louvers must be installed at least 4" above or 3" in front (open position) of any electric heater(s). P.V.C. louvers are warranted under normal use against twisting, bowing, stretching or shrinking for a period of 5 years. Please note that exposure to direct sunlight causes dark colours to temporarily warp. Louvers will straighten out when no longer exposed to direct sunlight. This characteristic is inherent in all P.V.C.. P.V.C. louvers must be installed at least 10" above or 4" in front (open position) of any electric heater(s).

2" & 2 1/2" Horizontal Blinds

WBF warrants the headrail, all moving parts and wood/fauxwood slats in all WBF Horizontal Blinds against defects in workmanship or materials. This warranty does not cover any 2" horizontal blind which fails due to loss of colour intensity due to long exposure to sun, normal loss of colour intensity over a period of time, exposure to salt air, corrosive materials, cleaner substances or normal wear and tear. The wearing of the cord control will be considered as normal wear and tear. WBF will not warrant variation in colour, grain, and texture in their natural wood products, and slight or excessive warping of wood slats in areas of high humidity. Wood and paint colours vary among lots and may not exactly match sample swatch or previous purchases.

Window Shades

WBF warrants forever the aluminum tube against defects in workmanship or materials. Vinyl, Sheerweave and chain operation are warranted for 3 years against defects in workmanship and materials. Spring mechanisms are warranted for 1 year against defects in workmanship and materials.

1" Horizontal Blinds

Cleaning and Care

Any Wood, Fauxwood or P.V.C. product can be cleaned with mild soapy water, plain water, gentle all-purpose de-greaser, or with a duster. Honeycombs, Viennas and any delicate fabrics can be cleaned gently with a feather duster. If debris gets caught inside the blind you can use a hair dryer on cold setting (ONLY) to blow out the debris. Do Not use heat on these blinds, the direct intense heat will melt them and warranty will be voided. Roman Shades occasionally might need a light vacuuming with a soft bristle attachment or gentle cleaning with a feather duster is all that is required. Sheer Elites are washable however, dry cleaning is recommended.
